

## Bone China

## 50 Foot Wave

Living this close to the bone  
I can't get home  
Um, no just panicking  
Did you hear the phone?

Bone China

No, no

Christ this is not smart

I would think you'd be happy  
To be reminded of where  
Your body is in space  
But you don't seem to care

Bone China

No, no

Christ this is not smart

Last gasp nymphomania  
Somehow desexualized  
Gonna wash that man right out of my head

And soap him into my eyes  
And soap him into my eyes  
And soap him into my eyes  
And soap him into my eyes  
ANd soap him into my eyes  
ANd soap him into my eyes  
And soap him into my eyes  
And soap him into my eyes  
And soap him into my eyes  
And soap him into my eyes
