

Lost In A Haze

50 Lions

Everyday is always the same,
always trying to fight,
trying to change,
fucking up,
are we destined to fail?
i know were all dieing to live,

this world never gave a fuck,
this world never gave a fuck,
ABOUT YOU!!!
always lost in the haze,
too blind to see whats instore,

ive fucked up before,
been down that road
broke down the walls,
still got nothing to show,
need to step back,
gotta take the time,
realise whats mine,
get it all in perspective,
losing track of time,
have i wasted my life,
losing track of time,
have i wasted my life!
