

Take Over

50 Lions

Too blinded by rage,
absoloute revenge, crush everything,
an eye for an eye,
convenience forced into you,
are these choices your own?
the words you speak, clouded by fear...
the things you believe,
no exceptions SEEK AND DESTROY!!!

the stage is set,
the pieces in place,
this is the start of the end,
total control, order through chaos,
rethink what you know,
read between the lines in the sand,
already drawn, our times at an end,
what you think of this life,
born out of anger,
stick close to the ones that ive chosen,
make the most of everything ive got,

this is the start of the end,
this is the LAST OF OUR DAYS!!!

your walking away,
pretending not to hear,
pretending not to see,
what is right infront of you,
your walking away,
pretending not to hear,
pretending not to see,
what is right infront of you
COMING BACK TO BREAK YOU DOWN!!!

they will break you...
DOWN!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

they will break you down!

they will break you down!
