[Verse 1: Currency]

Roll up with both the doors up on the black Lambo  
Red rag round my head like the black Rambo  
A banana clip with 50 hollow tips of ammo  
Smoke a nigga how a prisoner smoke Camel's  
Got blacked out tints, Niggas like who is that?  
I give a hatin' nigga 2 shots where his ribs at  
Ya better not snitch cause I know where ya live at  
I have niggas pissed, Don't know where they kids at  
Cause once the beefs on you can't call a war off  
I'll let the raw buck, Knock ya fuckin' car doors off  
Switch phone numbers just to piss the whores off  
Cop a 6 while you bitch about how much the 4's cost  
The hot spitter is real, What the deal?  
One hand on the wheel, The other holdin' the steel  
Play with it if ya will, But this some real shit  
My niggas done put out more hits than Will Smith  
Yea

[Verse 2: Master P]

Call me tiger cause I live in the woods  
I'm like Tarzan when he run through the hood  
A couple of wild coyotes chased me but couldn't catch me  
?? and Lacey pulled me over but couldn't arrest me  
Once the radar on I'm like the Predator  
We pop pills like Anvil and Excedra  
Call me a blender, I put ya in a mix  
Let go my eggo and pass me the purple twist  
Throw them bows, We got the club jumpin'  
XL like Jordan, He got the beat pumpin'

In other words I'm a vet and ya'll rookies

Ya'll cowards, Always run and gets the cops involved
