

## Around the Bend

54-40

Coming around the bend I see my end  
Sentence against desire is free  
Substance held in mud is right here with me  
Because coming around the bend spirit defeat  
Filled with breathing deep so many plots  
Eager search for change and quick rewards  
Two sides of the fence are gone  
Ten times ten tales exhausted  
Pressing out the failure in disgust  
Starry eyed idealists arouse mistrust  
You have never spoken
