

Don't Listen to That

54-40

Not you, not me it's a system,
Make her bleed Charlemagne
Was a member of a game --
She surrendered don't listen to
That don't listen to that don't
Listen to that noise here today,
Gone is tomorrow never date the
Witch's sorrow don't listen to that
Don't listen to that don't listen to
That noise she never smiles
Selling matches the fire catches
The witches burn don't listen to
That don't listen to that don't listen
To that noise
