

Holy Cow

54-40

Holy cow
I've done it now
I hurt someone
I hurt too
See me alone
All of us owed
I cannot stand here
I'm running home
There's someone here
Know what I'm here

No one can hear me
Touch me right here
And one and one and one is all
I cannot stand here
And one and one and one is all
I cannot stand here
Holy cow
Look what I've done
I've hurt someone
