

I Could Give You More

54-40

All that I am wanting is a rest
Caught in a field of emptiness
Still I do not know
Why I'm on the road
I could give you more
Been living life mostly in the past
Drifting through the moments that don't last
Still I'm on the road
Destiny unknown
I could give you more.
Tonight I take the stage
Come alive and I'll find a way
I could give you more
