

# Love You All

54-40

Break in the pleasure, breaking it in  
All around the world  
Measure for measure, gettin' it out  
Got to let you know

I love you, love you, love you all  
Yeah, I love you, love you, love you all

Breaking the fences down  
Yeah, forever, we're together  
Got a reason  
And there's nothing can go wrong

I love you, love you, love you, love you, love you all  
Yeah, I love you, love you, love you, love you, love you all

More than life, more than life  
More than anybody can  
More than wine, more than wine  
More than anybody, yeah

Breaking the exit, I'm breaking my neck  
I'm breaking over you  
Break in the airwaves, yeah  
Calling out to you

I love you, love you, love you, love you, love you all  
Yeah, I love you, love you, love you, love you, love you all

More than life, more than life  
More than anybody, yeah  
Oooh

Oooh, baby, break me up into little pieces  
Oooh, baby, I'm breaking over you

Breaking it down to what  
Happens only once  
And this one is it, oh yeah  
It's such a surprise that I don't realize it

I love you, love you, love you, love you, I love you all  
Yeah, I love you, love you, love you, love you, love you all

More than life, more than life  
More than anybody can  
More than wine, more than wine  
More than anybody, yeah

Nothing can, nothing can  
Stop me now  
Nothing can, nothing can  
Stop me, aaah aaah aaah aaah
