

Don't wait to die young
Don't wait long
Don't wait to die young
Don't wait long
One way me island
One way me island
One way me island
It's one long way to go
Don't let hope die young

Don't let hope die young
Don't wait to die young
Don't wait long
Don't wait to die young
Don't wait long
One way me island
One way me island
One way me island
It's one long way to go
