

Take a ride take a holiday time
For you to go and play and let the
Bourgeois slip away become a
Bum growing in the punk grass
Become the star that's gonna last
While everyone else is covering their
Ass oooo yeah, it's a groove oooo
Yeah baby I like you too and no
One needs to call you names
They only do it 'cause they're afraid
Of becoming human beings in the
Way so jump and jump and jump
All day give the brothers and the
Sisters pay back to mothers' love
All the way oooo yeah, it's a groove
Oooo yeah baby I like you too
