

Vows, Sobs, Tears & Kisses

54-40

I won't give you my name
You have the little key
I won't give you anything.
Your face at a glance at half a word
The smallest unit of space
with vows, sobs, tears and kisses.
Things will be as you like
Only please get well
Stay in remoteness.
If ever this happens again
Things will be as you like
with vows, sobs, tears & kisses.
