

You Don't Get Away (That Easy)

54-40

Live eat and sleep and breathe
Mate and birth and home
Build and cut a fire
Strength hunt and kill with skill
Power hunger think
Tools and hands to make
God myth and mind and soul
Love and hurt and cry
Path and place and feel

Don't get away that easy
Don't get away that easy
Don't get away that easy
Alone

Pain greed and lust and glut
Race and time and coin
War and blood and land

Don't get away that easy
Don't get away that easy
Don't get away that easy
Alone

Here now I know to look
Faith and touch and heal
Give and grow to move
Out reach and take and hold
Life and earth and bond
All will come to be

Don't get away that easy
Don't get away that easy
Don't get away that easy
