

# Addiction

55 Escape

I'll take you under my skin  
I'll hold you, just let me in  
Addiction runs through my blood  
I'll keep you

See you on the dark side!

[VERSE]

I can remember it then  
Pictures and memories  
All fading and dying  
Can't find my way through the night  
Left here with nothing  
I fall into darkness

[BRIDGE]

[CHORUS]

I'll take you under my skin  
I'll hold you  
just let me in  
Addiction runs through my blood  
I'll keep you  
I wish you could have it too!

[VERSE]

Lately I'll figure it out  
So much corruption  
I'm blinded and hazy  
I can't find my way through the night  
I fall into darkness

[BRIDGE]

[CHORUS]

I'll take you under my skin  
I'll hold you  
just let me in  
Addiction runs through my blood  
I'll keep you  
I wish you could have it too!

[VERSE]

Darkside!  
Fight!

[CHORUS]

I'll take you under my skin  
I'll hold you  
just let me in  
Addiction runs through my blood  
I'll keep you  
I wish you could have it too! x2
