55 Escape

Someone told me, to live is to die  
I never thought it would come to this

Ahhhhhhhhhhhhhh!

Like I told you, I did it for you  
How could you change your mind?  
You're liar

(Save me! I'm calling you! You took my life! )

This is a dirty town, indulging faceless  
I think I saw you pass me by

(Save me! I'm calling you, you dug your hole, for my pride! )

Remember me as I drift away  
Convert with the voices far away  
Remember me as I walk away  
(To live is to die)

Remember me as I drift away  
Convert with the voices far away  
Remember me as I walk away

Murder!  
Lies!  
Corruption my life!

My eternal, do you remember?  
Can you still hear my voice? From my pride!

(Save me! I, m calling you! You took my life, again! )

It's gonna come around, I'm back to hunt you  
Don't think I'll pass you by, No lies!

(Save me! I'm calling you! Your turning me off! )

Remember me as I drift away  
Convert with the voices far away  
Remember me as I walk away  
[X2]

Murder!  
Lies!  
Corruption my life!

(Naaaaah)  
Lies!  
Corruption my life!
