

Burn... Burn... BURN! BURN!

I am falling deeper,
And deeper into my mind
I do feel a fire,
Inside me so strong this time

Feels like I'm going to change just inside
(Feel a fire, Inside me so strong this time, burn)
Feels like I'm going to change just inside
(Falling deeper and deeper into my mind)

BURN!
There's a fire deep inside of me (BURN!)
I am burning for returnity (BURN!)
There's a fire deep inside of me (BURN!)
I am burning for returnity

I am falling deeper,
And deeper into my soul
Dare you, take me away from this place
I'm so cold

Feels like I'm going to change just inside
(Feel a fire, Inside me so strong this time, burn)
Feels like I'm going to change just inside
(Falling deeper and deeper into my mind)

BURN!
There's a fire deep inside of me (BURN!)
I am burning for returnity (BURN!)
There's a fire deep inside of me (BURN!)
I am burning for returnity

(BURN!) I am, I do (BURN!)
(BURN!) I am, I do (BURN!)

Feels like I'm going to change just inside..

BURN!
There's a fire deep inside of me (BURN!)
I am burning for returnity (BURN!)
There's a fire deep inside of me (BURN!)
I am burning for returnity

Feels like I'm going to change just inside..
There's a fire deep inside of me!
Feels like I'm going to change just inside..
I am burning for returnity!
