## **Open Your Eyes**

There's a heaven for you Try to remain, don't fall There's a heaven for us all (Repeat one time)

DON'T WANNA SEE YOU FALL!

There's a heaven for you Try to remain, don't fall There's a heaven for us all

Open your eyes and see Someone looks up for you Open you mind and breath Open your eyes and see Someone to care about Open you mind and breath

Open you eyes and fall! To get to me, to get to try To fall, you fight again ?...?...?...?...? To fall, to take a chance You care a new law (new law, new law.)

DON'T WANNA SEE YOU FALL!

There's a heaven for you Try to remain, don't fall There's a heaven for us all

DON'T WANNA SEE YOU FALL!

There's a heaven for you Try to remain, don't fall There's a heaven for us all

Open your eyes... Open your mind... Open your eyes.. and see the beauty around you Open your mind.. and breath.. Open your eyes and FALL!
