

We don't change our calendar pages anymore
Out of fear
What we don't know
Can only hurt us in time
Away

We don't change our calendar pages anymore
Out of fear
What we don't know
Can only hurt us in time
Takin' it slow

Waited so long for you
To change
Waited so long for you
Today

We don't change our calendar pages anymore
Leave them the same
What we don't know
Only hurt us in time
Away

Waited so long for you
To change
Waited so long for you
Today
