

## Loaded Painted Red

764-HERO

And you'll never see venus  
Ever again like this  
And you're wondering why  
And you gotta be clear  
When you're talking to a kid  
This is one of those times

Dropping hints and matches  
You got loaded painted red tonight  
You decided on the best disorder  
Got it all inside

This is all on a dare  
You'll never do it again  
Never say forever  
And you're gonna miss me  
Like you thought you would  
This is one of a kind
