

Miss You Girl

77 Bombay Street

I lie on my bed,
on a moonless night,
i`m still awake,
i can`t sleep tonight,
my thoughts belong to you,
cause i, i love you

i miss you girl,
caus you`re not by my side,
and i`m alone tonight,
i miss your love,
i wanna hold you tight in my arms,

but i do know,
you`ll come back to me,
oh yes i`m sure,
cause your love is real,
so please just come back home,
cause i, i love you

i miss you girl,
caus you`re not by my side
and i`m alone tonight,
i miss your love,
i wanna hold you tight in my arms

do you remember when you called me every day,
just to hear me breath when you had nothing left to say,
but now you`re gone away,
i wonder where you are,
my love is real for ever,
you`ll be in my heart

i miss you girl,
caus you`re not by my side,
and i`m alone tonight,
i miss your love,
i wanna hold you tight in my arms,

nana...i wanna hold you tight...nanan...i wanna hold you tight.
..nanana...

you now my love is true,
and i`m missing you, tonight
