

# The Darkest Winter

7Days

I remember those days  
When we used to laugh and cry  
They're now more like a dream

I remember the rain  
Like a picture in my mind  
In a room very far away

I am trapped in darkness  
The cold breeze is calling me  
Am I forever caught in this winter?

Help me find a way out  
I'm crying  
Don't let it get to me  
This coldness  
It haunts my every move  
This silence  
There's so much life in me  
Don't let me die

Long to see a new day  
I feel I'm growing old  
I am left all alone

My heart is pounding so weak  
My spirit broken down  
I'm left here with no choice

I am trapped in darkness  
The cold breeze is calling me  
Am I forever caught in this winter?

Help me find a way out  
I'm crying  
Don't let it get to me  
This coldness  
It haunts my every move  
This silence  
There's so much life in me  
Don't let me die

Silence, don't say a word  
There's a trace of blood on the ground that  
I'm treading

Help me find a way out  
Don't let it get to me  
It haunts my every move  
There's so much life in me

All my life I never saw that there's a way  
To walk forever more  
All my life I never filled the hole that was  
Left in my weary soul
