

We Cry No More

7Days

You, you ride the winds of fury
You, you steal and kill for glory

You search your crown
Stealing mercy is really your doom

No we cry no more
No we stray no more
No we cry no more
No more wasted tears

You, you ride your dreams so far
You, you hate in the name of your god

You search your crown
Stealing mercy is really your doom

No we cry no more
No we stray no more
No we cry no more
No more wasted tears

In times of need
In times of need
You always run and hide, oh
Yeah...
Into your creed
Into your creed
You never will be free
You never will be free
No you will never be saved by your deeds

No we cry no more
No we stray no more
No we cry no more
No more wasted tears, yeah
