

## 86 Mentality

### 86 Mentality

Every day the same old shit  
dead end life, i'm sick of it  
paranoid, i can't think straight  
fucked up head that's full of hate  
(chorus)  
86 mentality  
this world ain't got no place for me  
86 mentality  
i got no society  
scartch and claw for what i can  
social system's just a sham  
future's got no place for me  
i got no society  
(chorus)
