Violent Nights

86 Mentality

```
Got blood in our eyes
the packs out tonight
we're the boys drunk on violence tonight
gonna beat em down, fuck em up
kicked in the head
too much violence
the streets have gone red
terrorize the streets tonight
just tryin to have a go
it don't make no fucking sense
don't anybody know
fight fight fucking fight
fight fight fucking fight
too much violent nights
i know that it ain't right...
