Something I Don't Know

88 Fingers Louie

I used to think that I could take on the whole world
I didn't need my friends for what I could do on my own
And then you came along and showed me I was wrong
My world turned upside down ever since we were alone

You're always there to tell me that I'm lazy
First to admit that I'm fucking crazy

Tell me something that I don't know
I get the feeling that you don't think so
Tell me something I don't know you know

I start believing all the stupid words you say
I turn to liquor to make all my problems go away
You try to tell me that I'm making a mistake
I never listen to you, I just hope you stay away

I love it when you say I'm good for nothing
You always think that I'm up to something

Tell me something that I don't know
I get the feeling that you don't think so
Tell me something I don't know you know

Tell me something that I don't know
I get the feeling that you don't think so
Tell me something I don't know you know

Tell me something that I don't know
I get the feeling that you don't think so
Tell me something I don't know you know
