

I've had enough  
This is getting nowhere  
You said you're leaving 'cause you said I'm not fair  
I'm not happy but you hardly know this  
Did you think that I would never know this?  
It's all in your kiss  
Your love I do miss

I never trusted all the friends you've been making  
The time it's been taking  
The rules you've been breaking  
Ignored me when I asked if you have been faithful  
You called me ungrateful  
They made you so hateful

There's someone else on your mind  
I've taken up too much of your time  
What can I do?  
I wanna try it again

Just when I thought things couldn't get any worse  
You went and told me we were breaking up first  
It made you happy when I said I missed you  
Turned me around and then you said that we're through  
Oh what could I do?  
You said that we're through

Believe me when I say I'd like to start over  
How can we start over if you're trying to cover?  
Don't want you keeping more secrets beneath you  
If I just can't trust you  
Then I just don't want to

There's someone else on your mind  
I've taken up too much of your time  
What can I do?  
I wanna try it again

I'm getting pissed, it doesn't seem to faze you  
Now that it's over I don't seem to amaze you  
You think you killed me but I think I'll pull through  
It's gonna take some time
