

## Won't Stay Late

88 Fingers Louie

I'm sick of working the same job every day  
It's really getting on my nerves  
My boss is fat and he don't know how to work  
I hope he gets what he deserves

No, I won't stay late  
I'm sick of sweating while you masturbate  
Let's get one thing straight  
You may not like it but I won't stay late

I'm treated like a slave and laughed at all day long  
My job has never been that fun  
Sometimes they even let me go on a break  
I only wish I had a gun

And I won't stay late  
I won't stay late  
Won't stay late, go!

Patience is wearing extremely thin again  
I've tried but I can't seem to cope  
My boss has cut my paycheck some more  
I think I'll kill the stupid dope

Ha!
