

You got my body shaking, sends a shiver to my soul
I didn't get no warning, you got me shaking to the bone
I got my secret weapon, I'm gonna get you alone, yeah yeah
So let your body loose control

I was a boy walking tough, king of the street
Believed in making my own destiny, yeah
Victim of love, I made a promise that I'd never be
Another one of love's fatalities

Rule number one was running wild and always running free
Didn't need no luck, my guardian angel looking over me
You passed me by, I got the vibe, left me in disbelief
Arrow to my heart, at hurricane velocity
You pierced my emotional armour
Bolt of lightning couldn't hit me harder

You got my body shaking, sends a shiver to my soul
I didn't get no warning, you got me shaking to the bone
I got my secret weapon, I'm gonna get you alone, yeah yeah
So let your body loose control

Everybody say I aim too high out of my league
I've gotta step into reality, yeah
Different sides, different styles, certain tragedy
I got you in my sights so please believe it's harmony
You pierced my emotional armour
Bolt of lightning couldn't hit me harder

You got my body shaking, sends a shiver to my soul
I didn't get no warning, you got me shaking to the bone
I got my secret weapon, I'm gonna get you alone, yeah yeah
So let your body loose control

This is as simple as one-two-three
We've been drawn together by a love-power energy
I wanna be your lover, I wanna be your friend
I wanna be your lifetime not just your weekend
Check, check it out, check it out, check it check it out
I wanna be homeboy ain't no doubt
I wanna be you first choice, never let you down
Love, peace, I'm out of here brothers

You pierced my emotional armour
Bolt of lightning couldn't hit me harder

You got my body shaking, sends a shiver to my soul
I didn't get no warning, you got me shaking to the bone
I got my secret weapon, I'm gonna get you alone, yeah yeah
So let your body loose control
You got my body shaking, sends a shiver to my soul
I didn't get no warning, you got me shaking to the bone
I got my secret weapon, I'm gonna get you alone, yeah yeah
So let your body loose control
You got my body shaking, you got my body shaking
I didn't get no warning, you got me shaking to the bone
I got my secret weapon, I'm gonna get you alone, yeah yeah

So let your body loose control
