

## Bodyshakin'

911

You got my body shaking, sends a shiver to my soul  
I didn't get no warning, you got me shaking to the bone  
I got my secret weapon, I'm gonna get you alone, yeah yeah  
So let your body loose control

I was a boy walking tough, king of the street  
Believed in making my own destiny, yeah  
Victim of love, I made a promise that I'd never be  
Another one of love's fatalities

Rule number one was running wild and always running free  
Didn't need no luck, my guardian angel looking over me  
You passed me by, I got the vibe, left me in disbelief  
Arrow to my heart, at hurricane velocity  
You pierced my emotional armour  
Bolt of lightning couldn't hit me harder

You got my body shaking, sends a shiver to my soul  
I didn't get no warning, you got me shaking to the bone  
I got my secret weapon, I'm gonna get you alone, yeah yeah  
So let your body loose control

Everybody say I aim too high out of my league  
I've gotta step into reality, yeah  
Different sides, different styles, certain tragedy  
I got you in my sights so please believe it's harmony  
You pierced my emotional armour  
Bolt of lightning couldn't hit me harder

You got my body shaking, sends a shiver to my soul  
I didn't get no warning, you got me shaking to the bone  
I got my secret weapon, I'm gonna get you alone, yeah yeah  
So let your body loose control

This is as simple as one-two-three  
We've been drawn together by a love-power energy  
I wanna be your lover, I wanna be your friend  
I wanna be your lifetime not just your weekend  
Check, check it out, check it out, check it check it out  
I wanna be homeboy ain't no doubt  
I wanna be you first choice, never let you down  
Love, peace, I'm out of here brothers

You pierced my emotional armour  
Bolt of lightning couldn't hit me harder

You got my body shaking, sends a shiver to my soul  
I didn't get no warning, you got me shaking to the bone  
I got my secret weapon, I'm gonna get you alone, yeah yeah  
So let your body loose control
