

Take Good Care

911

Take good care of my heart
Take good care of my heart
Take good care of my heart

I've been broken hearted
It felt like my world was caving in
Leaving me lonely
It felt like my head was in a spin
I'd toss and I'd turn all night
Wondering how it came to be

I'll be there, and never will return
If you're honest girl (honest girl)
You will be my world (be my world)
And I'll be there if you take good care forever

Take good care of my heart, and I won't let you down girl
Take good care of my heart, I'll always be around girl
Take good care of my heart, and I will leave you never
If you take good care forever

I'd do almost anything
To show that my love is strong enough
Whether it's rain or shine
Even when the going gets too tough

I'll be there, on this you can rely
If you'll be my girl (be my girl)
I'll promise the world (promise the world)
And my love I'll share
If you take good care forever

Take good care of my heart, and I won't let you down girl
Take good care of my heart, I'll always be around girl
Take good care of my heart, and I will leave you never
If you take good care forever

Take good care of my heart, and I'll be understanding
Take good care of my heart, 'cos love can be demanding
Take good care of my heart, I'll promise I'll deliver
If you take good care forever

I used to make believe
There was a girl of my dreams (girl of my dreams)
When I opened up my eyes I saw my dreams
Had come to life

Take good care of my heart
Take good care of my heart, and I will leave you never
If you take good care forever
Take good care of my heart, and I'll be understanding
Take good care of my heart, 'cos love can be demanding
Take good care of my heart, I'll promise I'll deliver
If you take good care forever
Take good care of my heart, and I won't let you down girl
Take good care of my heart, I'll always be around girl
Take good care of my heart, and I will leave you never

If you take good care forever
Take good care of my heart, I won't let you down now
Take good care of my heart, oh yeah, now baby
Take good care of my heart, I'll promise I'll deliver
If you take good care forever
