

There It Is

911

There it is, there it is
This time I'm not wrong

Thought I knew the answer to why people fall in love
But then I found I knew nothing about it
Till I met you girl I thought that I had enough
Now I'm sure I've always been with out it
And it feels so good that yo and I can come together
Ooh baby we both found what we've been looking for
And this time I know we're gonna make it better
Our heart is a key to open up the door
Don't have to search no more

There it is, there it is
What took us so long ooh to find each other baby
There it is, there it is
This time I'm not wrong

In the sea of love we set our sails
when waters were rough
Two in search of love with no direction
Fish were biting at the time but
catching wasn't enough
We couldn't make a sport of our affection
And who would dream that we would sail into each other
Ooh girl I never felt a wave of love so strong
And this love I've never felt in any other
I trusted like a lighthouse guides a ship to land
I found it when you touched my hand

Ooh there it is
What took us so long ooh for a love so strong
There it is, ooh there it is
This time I'm not wrong
I'm not wrong, and it's about time
For love to find it's way bake home girl you're mine
Now that we found love
We've got to carry on
There it is ooh baby, there it is
This time I'm not wrong got a love
that's so strong, ooh!

Like a lighthouse guides a ship to land
I found it when you touched my hand

There it is, there it is
What took us so long ooh to find each other baby
There it is, there it is

This time I'm not wrong
Oooh, there it is, hey
What took us so long to find this sweet, sweet love
There it is [to fade]
