

# Stay The Night

98 Degrees

In the still of my heart  
There's a fire that burns my sole's desire  
Touching me, like the sun  
here and now I give my love so faithfully  
that I will always be the one

I wanna stay with you tonight  
I don't wanna leave,  
cause I feel the time is right  
Don't wanna go before I say,  
what I have to say  
don't ask me to walk away  
I wanna stay tonight, wanna stay the night

Holding you close to me  
The first time that your body moved with mine  
let the mood ease your fears  
caressing as I whisper in your ears  
that I will always be the one

I wanna stay with you tonight  
I don't wanna leave,  
cause I feel the time is right  
Don't wanna go before I say,  
what I have to say  
don't ask me to walk away  
I wanna stay tonight,  
wanna stay the night

Now is the time,  
I've been waiting for so long  
Just give me a sign,  
cause it's here where I belong  
ohh oh yeah (stay the night)

I wanna stay with you tonight (stay)  
I don't wanna leave (I don't wanna leave)  
Cause I feel the time is right (Baby please tonight)  
don't wanna go before I say  
what I have to say (what I have to say)  
Don't ask me to walk away (baby, don't walk away)  
I wanna stay tonight,  
wanna stay the night (wanna stay the whole night baby)

Wanna stay the whole night baby  
Wanna give you everything and more  
what I have to say  
don't ask me to walk away  
stay the night, stay the whole night oh,  
yeah my baby, my baby tonight

Dont wanna go now,  
I wanna stay the night don't wanna go now,  
don't ask me to walk away
