

Thank God I Found You

98 Degrees

I would give up everything
Before I'd separate myself from you
After so much suffering
I finally found the unvarnished truth
I was all by myself for the longest time
So cold inside
And the hurt from the heart it would not subside
I felt like dying
Until you saved my life

Thank God I found you
I was lost without you
My every wish and every dream
Somehow became reality
When you brought the sunlight
Completed my whole life
I'm overwhelmed with gratitude
Cause baby I'm so thankful
I found you

I would give you everything
There's nothing in this world I wouldn't do
To ensure your happiness
I'll cherish every part of you
Because without you beside me I can't survive
I don't wanna try
If you're keeping me warm each and every night I'll be all right
Cause I need you in my life

See I was so desolate
Before you came to me
Looking back I guess it shows
that we were destined to shine
After the rain to appreciate
And care for what we have
And I'd go through it all over again
To be able to feel this way

Thank God I found you
I was lost without you
I'm overwhelmed with gratitude
My baby I'm so thankful
I found you

I'm overwhelmed with gratitude
My baby I'm so thankful I found you
