

Every time I look around
I see the faces that make me proud
When I'm with you I feel so free
My friends and family
So much I want to say to you
With all the shit that we've been through
You know I wouldn't change a thing
It's a part of life A way of growing

You show your support you believe in me
My friends and Family
Without you who would I be
When I get down you're there for me
My friends and Family
I'd die for you as you would die for me
I know you'd die for me

Love, Respect, and Loyalty
These are things that you've shown me
I can only hope that you can see
How much you've meant to me

I promise you I will always be here for you when you need me
In any weather through thick and thin
From any weather through thick and thin
From beginning to end I will be here friend
You know you can count on me
