

Subway exit  
through the corridor  
You know he's been here  
many times before  
No one even noticed  
No one even cared

He's got 99 days  
99 days to go  
He's got 99 days  
99 days to go

Another face  
another doorway  
Just ignore him  
and he goes away  
No one even noticed  
No one even cared

Always silent  
and always waiting  
There was the plan  
he was creating  
No one even noticed  
No one even cared

He looks suspicious  
he's superstitious  
It's taking time  
but he's ambitious  
No one even noticed  
No one even cared
