

Subway exit
through the corridor
You know he's been here
many times before
No one even noticed
No one even cared

He's got 99 days
99 days to go
He's got 99 days
99 days to go

Another face
another doorway
Just ignore him
and he goes away
No one even noticed
No one even cared

Always silent
and always waiting
There was the plan
he was creating
No one even noticed
No one even cared

He looks suspicious
he's superstitious
It's taking time
but he's ambitious
No one even noticed
No one even cared
