

Absolution by 999  
Well I'm ashamed to call myself a man  
Don't take it from me  
I don't tread on people like dirt  
But that's what I see  
I'm not blind to what's going on  
Why hide behind a lie?  
Yeah the world's gone sticky on me  
And it hurts and it hurts  
Let me take round this land  
And I will show you how it should be  
I ain't so vain that I can't see  
That you're looking down on me

Do you want it?  
Do you want it?  
Do you want some absolution?  
Do you want some absolution,now?

Take a walk, take a walk with me  
I'll show you some pain  
Take a drive in your fancy car  
D'ya know what I mean?  
I'm not riddled by my guilt  
You know you should be  
Why hide behind these lies?  
It hurts and it hurts  
Let me take round this land  
And I will show you how it should be  
I ain't so vain that I can't see  
That you're looking down on me

Do you want it?  
Do you want it?  
Do you want some absolution?  
Do you want some absolution?  
You want some absolution?  
Do you want some absolution,now?

Do you need some absolution?  
Do you need some absolution?  
Do you need some absolution?  
Do you need some absolution?  
Do you need some absolution?  
Do you need some absolution?
