

Through the change of circumstance
Sail off and when I'm away
Just drift from place to place
Today just becomes another day

But here I go
Oh no no no
I'm a stranger
In a strange land

Left is right and right is left
Small boy George, does he know best?
Oh no no no no no

But here I go
Oh no no no
I'm a stranger
In a strange land

Just live from day to day
Never listen to a word they say
All your time is spent the same
Look around and what do you find?

Here I go
Oh no no no
I'm a stranger
In a strange land

Left is right and right is left
Small boy George, does he know best?
Oh no no no no no

Here I go
Oh no no no

Just drift from place to place
And live from day to day

Here I go
Oh no no no
