

## Robin II

A Balladeer

well, it's been a few days now, so how have you been?  
not that I must know what state you're in

I should care less

well, I just bawled my eyes out and feel really relieved  
not that I threw up be enough to fully retrieve

I'm still a mess

but what really helps a lot is the knowledge  
that it's nothing but the time it takes  
you gave me meals for thought  
and Robin a laughing break  
how quickly will he re-enter the lists?  
don't correct me if I'm wrong  
I'm sure that grudge exists, especially his  
and that mine will make  
a brilliant song

lately I have not been that close with time  
the weekends seem the worst ever since they're all mine

and it's hard to get through

well, congratulations - you entered the Torture Top 3  
and by the way already not happy anniversary

here's to you and your cool  
here's to me and my catch-22

but what really helps a lot is the knowledge  
that it's nothing but the time it takes  
it is funny - not at all half as funny as  
to call me Robin by mistake  
don't correct me if I'm wrong  
I'm sure that grudge exists (especially his💎)  
and that mine will make a brilliant song

a brilliant song
