

A Minha Menina

A Band of Bees

Ela e minha menina
E eu sou o menino dela
Ela e meu amour
E eu sou amour todinho dela
The silver moon is out of sight
And the golden sun has come
A beautiful new day is born
scented with joy
Cause i fell asleep and awoke thinking of her
Pois ela e minha menina
E eu sou o menino dela
Ela e o meu amour
E eu sou amour todinho dela
The rose bush has blossomed out
And I'll sing that she's my rose
For her I'll place my heart before
Reasons i tell
Everybody in the world that I love her
A Minha menina
