

# Wash In The Rain

A Band of Bees

I try and I fail  
Sometimes I even succeed  
If you look at my life  
I can't complain  
If you know what I mean  
And it is all the same  
When your holding out  
You can wash in the rain

Wash in the rain, wash in the rain  
Wash in the rain, wash in the rain

I got salt you got pepper  
Maybe we should get it together  
I dig a hole, you fill it up  
You're the second thing to knock me over  
Only to the waves at the edge of the water

Wash in the waves, wash in the waves  
Wash in the waves, wash in the waves  
Wash in the waves

I find it hard to forget  
All the effort in regret  
Put in one pot that's big enough  
It's bound to crack when it hits the rock  
That's 'cause your wicked and you wouldn't stop  
That's 'cause your wicked and you wouldn't stop

You wouldn't stop  
You wouldn't stop  
You wouldn't stop
