

# I Will Destroy The Wisdom Of The Wise

A Bullet For Pretty Boy

I can't look at what we've done  
And make it all ok  
All hope is found in you  
We know it's found in you  
Take us and let us see  
All we need is to see

Let us carry on through the night

Its like they poisoned us overnight  
How much can they take  
We all need to take charge  
(We can wake them)  
Speak now and save this world  
When silence is deafening  
When silence is deafening  
The world is set aflame  
God is real  
And we stand strong  
Speak now and save this world  
So write this down  
As it comes  
As a reminder  
For when your lost  
this shall come to mind  
All was offered  
All was offered  
We are not of this world  
We are of God  
We have become so  
Lost in how we think it is supposed to be  
Let us become one  
Voice because we were meant to sing  
We look to you father  
The day has actually come  
Where they will tell us lies  
These words are not in the book  
Don't tell us what you think  
Don't preach to us in vane  
Tell us about the truth  
I have come to destroy the wisdom  
I have come to destroy the wise  
I have come to destroy the wisdom  
(of the wise)
