

# The Heartbreak Rides

A.C. Newman

Just out of the woods  
And yelling down the mountains  
All I really wanted was to go downtown  
And so we ride the heartbreak slides

Rushing at the modern sunset to your window  
Gestured with the bleach in hand, she said, let's go  
L.A., she cried, the heartbreak rides for free

Yo ho, yo ho  
Yo ho, yo ho

California adds some casual bedlam  
Something in the basic swing of things led them  
To victimless crimes the heartbreak climbs

Playing with your words and come into headlights  
Placards on the interstate, we want the good life  
L.A., she cried, the heartbreak rides for free

Yo ho, yo ho  
Yo ho, yo ho  
Yo ho, yo ho

Just out of the woods  
And yelling down the mountains  
All I really wanted was to go downtown  
And so we ride the heartbreak slides

Rushing at the modern sunset to your window  
Gestured with the bleach in hand, she said, let's go  
L.A., she cried, the heartbreak rides for free

Yo ho, yo ho  
Yo ho, yo ho  
Yo ho, yo ho  
Yo ho

Yo ho, yo ho  
Yo ho, yo ho  
Yo ho, yo ho
