

# The Millionaire

A.C.T

I'm the one  
All mine  
I won  
This is mine  
That morning i woke and the sun was shining  
Dust in time to take the change to shivers  
I'm never late

Back  
Just back  
This is me  
I'm the king  
The money is mine and it always will be  
Drank my coke and just like that I bought it  
Was one out of fee

The world is mine  
I can be everything  
Oh, All joy  
My life is finally complete

Now i can face them in any town  
Feel no poverty in for charity  
People, I'm divine

No  
Can it be  
What is this  
It's a sin  
The joy that I felt it's totally gone  
Too much friends the scent I'm not the strange  
I'm not alone

Back  
Step back  
Go Away  
I can't breath  
I'm choking my people and say they need  
Can't think straight, I'm so confused  
It lingers, I'm going insane

Answer shame  
My life's becoming a mess  
Sad but true  
Money can't buy no success  
Wish that I never had made that train  
Fate is laughing at me  
I want my life back as it was
