

## Utter Abandon, Never

### A Call to Sincerity

Are you thirsty ? Standing in the rain  
Are you drowning in some drugs to erase your pain ?

Are you searching for something ?  
Are you crying ? Are you lying ?  
I don't care of all this shit  
Are you breathing ? Can you speak to me ?  
This is the only thing I need to know to believe

I hear your pulse and eerie screams  
I see the sorrow, I feel you bleed  
Cause nothing could replace this lack of life  
Untill i finally bring you back

Your face haunts my dreams and my eyes keep seeing  
ghosts  
I remember the memories we have lost

My dear I won't leave you, I'm seeking for some ink  
And my hands keep writing words,  
I know that you're hurt too, we'll be laughing upon the  
tears  
On the roof of this city

I'll feel your breath upon my skin  
I'll cross the deepest depths to give  
To give your body a last embrace  
As the sun embrace the day

Your face haunts my dreams and I almost taste your lips  
I touch your hands, and shivers take me for a trip

I crossed the agonies and the winds  
To take you back to me, to bring you back to me  
Now I feel the warmth of your hand on my chick  
And it feels so fucking sweet

I'll never let you go (Let you go!),  
I'll never let you die alone  
Cause without you, tomorrow means nothing at all
