

## Forgive and Forget

### A Day to Remember

I feel like a runaway  
Seeing the light of day for the first time  
I'm drawing the line

It's hard to care when you know it all  
In slow motion I watch you fall  
Like you're blind, thoughts poison the mind  
I always bend when it comes to you  
I think you'll change, but you never do  
You never do, I enable you

Let me down, let me down like only you know how  
Shot me out, shot me out  
Forgive and forget, forgive and forget  
Let me down, let me down like only you know how  
Shot me out, shot me out  
Forgive and forget, forgive and forget

Wish that I could say this to your face  
Something different, something brave  
Wish I would, but I never could  
I feel you slowly pulling me in  
I try to help, but it's sink or swim  
And you're a weight, there's comfort in pain

Let me down, let me down like only you know how  
Shot me out, shot me out  
Forgive and forget, forgive and forget  
Let me down, let me down like only you know how  
Shot me out, shot me out  
Forgive and forget, forgive and forget

You've drained all the love I had  
All I had for you  
You've drained all the love I had  
All I had for you  
All I had for you

Let me down, let me down like only you know how  
Shot me out, shot me out  
Forgive and forget, forgive and forget  
Let me down, let me down like only you know how  
Shot me out, shot me out  
Forgive and forget, forgive and forget
