

Have Faith in Me

A Day to Remember

Have faith in me
Cause there are things that I've seen I don't believe
So cling to what you know and never let go
You should know things aren't always what they seem

I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again

I'm going crazy
Cause there are things in the streets I don't believe
So we'll pretend it's alright (pretend it's alright)
and stay in for the night
Oh what a world
I'll keep you safe here with me (with me)

I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again

I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again

They've got me on the outside, looking in
But I can't see at all
With the weight of the world on my shoulders,
They just wanna see me fall

They've got me on the outside, looking in
But I can't see at all
With the weight of the world on my shoulders,
They just wanna see me fall

Have faith in me

I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again

I said I'd never let you go, and I never did (Go, Did)
I said I'd never let you fall and I always meant it (Fall, Meant It)
If you didn't have this chance then I never did
You'll always find me right there, again

I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
