```
Have faith in me
Cause there are things that I've seen I don't believe
So cling to what you know and never let go
You should know things aren't always what they seem
I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again
I'm going crazy
Cause there are things in the streets I don't believe
So we'll pretend it's alright (pretend it's alright)
and stay in for the night
Oh what a world
I'll keep you safe here with me (with me)
I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again
I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again
They've got me on the outside, looking in
But I can't see at all
With the weight of the world on my shoulders,
They just wanna see me fall
They've got me on the outside, looking in
But I can't see at all
With the weight of the world on my shoulders,
They just wanna see me fall
Have faith in me
I said I'd never let you go, and I never did
I said I'd never let you fall and I always meant it
If you didn't have this chance then I never did
You'll always find me right there, again
I said I'd never let you go, and I never did (Go, Did)
I said I'd never let you fall and I always meant it (Fall, Meant It)
If you didn't have this chance then I never did
You'll always find me right there, again
I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
I said I'd never let you go, and I never did
```

I said I'd never let you go, and I never did
