

## Setting Sun

## A Flock of Seagulls

I don't wanna lose control  
of this beating heart  
never wanna let You go  
loved You from the very very start  
I don't really understand  
I love Your eyes so blue  
I'll take it to the very end  
I wanna give my life to You  
my poor heart was true  
as true as setting sun  
making love to You  
meant You and I were one  
I never wanna see You sad  
I will never make You cry  
I never gonna make You bad  
for You I'll take the stars out of the sky  
my poor heart was true  
as true as setting sun  
making love to You only You yeah You  
meant You and I were one we were one we were one  
my poor heart was true  
as true as setting sun setting sun setting sun  
making love to You only You yeah You  
meant You and I were one  
my poor heart was true  
as true as setting sun setting sun setting sun  
making love to You only You yeah You  
meant You and I were one we were one we were one  
I don't wanna lose control (I don't wanna lose control)  
I wanna set You free (girl I want to set You free now now)  
only wanna make You hot (only wanna make You hot)  
so now You gotta bring Your love to me (now You gotta bring Your love  
to me)  
my poor heart was true (my poor heart was true)  
as true as setting sun (I love that setting setting sun)  
making love to You only You yeah You  
meant You and I were one we were one we were one  
my poor heart was true (my poor heart was true)  
as true as setting sun setting sun setting sun  
making love to You only You yeah You  
meant You and I were one we were one we were one  
my poor heart was true (my poor heart was true)  
as true as setting sun (I love that setting setting sun)  
making love to You only You yeah You
