

# All I Want Is Love

## A Great Big World

Fear

You're just a name that I have learned  
Another way for me to turn  
And you brought me here  
And it took years for me to find  
That you were only in my mind

I've been looking in the wrong place  
Couldn't see what I've always known  
I was facing the wrong way  
I missed it all, I missed it all  
I don't care what they all say  
Let me find my own way home  
I don't care if my heart breaks  
All I want is love

Hope

You're just a name that I hold close  
There when I needed you the most  
And you brought me here  
Where I can learn to love myself  
Without the love of someone else

I've been looking in the wrong place  
Couldn't see what I've always known  
I was facing the wrong way  
I missed it all, I missed it all  
I don't care what they all say  
Let me find my own way home  
I don't care if my heart breaks  
All I want is love  
All I want is love  
All I want is love

I don't care what they all say  
I don't care if my heart breaks  
I don't care what they all say (all I want is love)  
I don't care if my heart breaks  
I don't care if my heart breaks

I've been looking in the wrong place  
Couldn't see what I've always known  
I was facing the wrong way  
I missed it all, I missed it all  
I don't care what they all say  
Let me find my own way home  
I don't care if my heart breaks  
All I want is love  
I don't care what they all say (all I want is love)  
I don't care if my heart breaks (all I want is love)  
I don't care what they all say (all I want is love)  
I don't care if my heart breaks  
All I want is love
